New Hartford, NY 13413

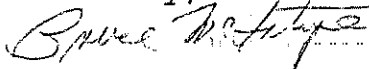

Dear Dr. Gabelman:

Pursuant to a letter which was sent to you on June 2, 1995, your application for licensure in Rhode Island has been denied.

You were informed by the letter referenced above that you were entitled to an Administrative Hearing if you requested one by June 20, 1995. You did not request one. Therefore the decision of the Investigating Committee became final on June 20, 1995.

If and when you resolve the licensure issue with the State of New York, you may reapply and the Board may consider your application at that time.

Sincerely,

Bruce W. McIntyre  
General Counsel  
BOARD OF MEDICAL LICENSURE  
AND DISCIPLINE
